

PRESS RELEASE

Pragmatic Consulting announce venture with MCP Environmental

Pragmatic Consulting are delighted to announce a collaborative venture with MCP Environmental to provide UK Asbestos Training Association (UKATA) approved Asbestos Awareness Training.

The venture will facilitate asbestos awareness training for businesses at client's premises, at a suitable venue or at MCP head office providing training for groups of 6 to 30 delegates. Pragmatic Consulting will deliver a comprehensive range of Construction Industry Training Board (CITB) Site Safety Plus Scheme training across the Yorkshire region utilising MCP's head office located in Bradford, West Yorkshire with excellent access to motorway and rail networks.

Engineering consultancy Pragmatic Consulting provides high quality, cost-effective courses for the building, civil engineering and allied industries through the partnership allowing construction professionals to develop their skills.

The courses are suitable for everyone including operatives to senior managers. Courses range from a one-day Health and Safety Awareness course to the five-day Site Management Safety Training Scheme. MCP will provide UK Asbestos Training Association (UKATA) approved Asbestos Awareness Training to Pragmatic Consulting as part of the collaboration.

Courses include:

- Health and Safety Awareness (HSA)
- Site Supervisor Safety Training Scheme (SSSTS)
- Site Supervisor Safety Training Scheme Refresher (SSSTS-R)
- Site Management Safety Training Scheme (SMSTS)
- Site Management Safety Training Scheme Refresher (SMSTS-R)
- Directors Role for Health and Safety (DRHS)

Pragmatic Consulting Ltd-Managing Director, Joann Niblett said: “We are delighted MCP Environmental are a strategic partner. The partnership will allow CITB Site Safety Plus Scheme courses to be delivered locally minimising down time and travel expenses for business.”

MCP Environmental - Managing Director, Andrew Stubbs said: “Training is key to MCP. We work in safety critical areas delivering asbestos management and civil engineering services on live high-risk sites. Working with Pragmatic Consulting will ensure our staff and the wider business community will benefit from Jo’s unique delivery approach.”
